

‘What’s the Big Idea?’

This pre-school STEM program incorporates math and science concepts, using books as a springboard for learning. These are hands-on classes for pre-school children ages 4-6. Resources are provided for parents to help build and foster learning in their children.
Judy Snook, Instructor.

Class size is limited to 15 students. It is expected that children will attend all or as many classes as possible. Children must be 4 years old by Oc. 15, 2017.

Thursdays: Feb. 1 through April 5, 2018

1:15– 1:45 PM

Dates: 2/1, 2/8, 2/15, 2/22, 3/1, 3/8, 3/15, 3/22, 3/29 & 4/5
