

Unattended Children

Approved: May 2023

Next Review: May 2025

The Lower Providence Community Library welcomes library use by children. Staff members are available to assist children with library materials or services. The Library desires to provide a safe and appropriate environment for visitors of all ages. The Library, however, is a public building with staff trained to provide public library services. The Library is not equipped-and it is not the Library's role-to provide long- or short- term child care.

For the safety and comfort of children under 10 years of age, a responsible adult or caregiver must accompany these children while they are using the Library. While in the Library, parents and caregivers are responsible for monitoring and regulating the behavior of their children.

Library staff members will be guided by this policy in situations, such as:

- An unattended child is found frightened or crying in the Library.
- An unattended child is perceived to be endangering him or herself.
- A person in the library poses a perceived threat to the unattended child.
- An unattended child exhibits specific inappropriate behavior.
- An unattended child has not been met by a responsible caregiver at closing time.

After evaluating the situation, Library staff members will attempt to contact the parent or guardian of an unattended child. In the event that the parent or guardian cannot be reached, the child will be placed in the care of the Lower Providence Township Police.
